### ***Response to Arguments***

The Applicants arguments filed September 7, 2005 have been fully considered.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 22, 25, 41 and 57, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. These claims recite the limitation "conditions-of-use parameters" this limitation is vague and indefinite, no limitation is imposed upon the claimed invention.

Claim 31 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. These claims recite the limitation "limited use condition" this limitation is vague and indefinite, no limitation is imposed upon the claimed invention.

### ***Allowable Subject Matter***

Claim 24,36,38-40,43-45 and 56 are allowed.

Claims 32,33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
